2. *What are the significant issues that impact on nurses and midwives in your country today;*
3. *What recruitment and retention strategies do you have for nurses and midwives in your country;*
4. *What initiatives do you have in your country to uphold the professional, social and economic position of nurses and midwives?; and*
5. *COVID-19 update.*

We look forward to receiving your country report by **Friday 30th October 2020** for inclusion in the conference papers.
